ANALYSIS

This is the second extension of time request for the proposed Special Use Permits. Since the previous extension of time no additional progress has been made on the proposed shopping center. A portion of the shopping center that does not include the building that will house the proposed special use has been completed and is currently open and operating.

A second extension of time is deemed appropriate to allow the applicant additional time to begin completion of the shopping center. The applicant states that they are expecting to begin construction in 2008; however, it is also noted that at this time the Planning and Development Department has not received any additional applications related to this development. Approval of this request is recommended.

FINDINGS

A second extension of time is deemed appropriate to allow the applicant additional time to begin completion of the shopping center. Approval of this request is recommended with a two year time limit.
